

STEMM Award (Age 18+)

Sponsored by TBC

The STEMM Award celebrates the remarkable achievements of dyslexic individuals who are over the age of 18 and have made significant contributions in the fields of Science, Technology, Engineering, Mathematics, or Medicine (STEMM).

Nominees will have excelled in their respective fields through groundbreaking research, innovative technologies, or substantial advancement have made significant contributions in their STEMM area. This could be conducting groundbreaking research, developing innovative technologies, making substantial advancements, for example the development of a new scientific method, creation of a technological tool, the advancement of medical practices, pioneering engineering projects.

Nominees will be creative and analytical thinkers who have successfully brought their ideas to fruition, demonstrating excellence in any area or STEMM.

Make sure you tell us:

- What the nominee did in STEMM
- Why and how they did it
- What motivated them
- The impact their work has had on you or others
- Why they deserve this award

Eligibility Criteria: Dyslexic individuals over the age of 18, working in any STEMM area, who living and working in the UK or the Channel Islands, who are over the age of 18.
